Attached is the brief request for assistance. No specifics provided.

I don't see the call with NDEE as anything other than assessing where they are at now, what they would like to accomplish, what role to do they see for us and, what they may have already tried. Once we've had that discussion, we can sort out next steps internally. My thoughts were that after that call I might be better able to formulate some questions for OCSPP.

Hope this is helpful.

Thanks Chris.

Jamie –

Hi. It looks as though the follow-up with NDEE last September may have fallen through, but I'm still waiting to hear back from one of the folks in ORD. I would appreciate it if you could send me a copy of the letter to Jim when you get a chance so I can see a little more what they're asking for.

Let's try to get back together and chat soon after I get their letter.

Thanks!

Chris
